STERLING®

HVAC PRODUCTS

TF Series Unit Heaters

- 83% Thermal Efficiency
- 20-Gauge Tubular Heat Exchangers
- In-Shot Burner Technology
- Direct Spark Ignition
- Power Vented
- Easy-Access Control Panel
- Certified for Category I & III Venting
- 10-Year Heat Exchanger Warranty
- Factory Fire Tested

Available from 100-400 MBH Output

GG Series Unit Heaters

- 82%+ Thermal Efficiency
- Residential Certification
- Single Orifice Burner System
- 20-Gauge Tubular Heat Exchangers
- Direct Spark Ignition
- Power Vented
- OSHA Fan Guard
- LP Gas Conversion Kit Included
- Easy-Access Control Panel
- 10-Year Heat Exchanger Warranty

Available from 30-120 MBH Output

Flue Pipe, 90's and reducers available for your Sterling install

EQUIPMENT

FURNACES

GDD/GLD/GLU/GMD/GMU/GUH

- DOWNFLOW/HORIZONTAL/UPFLOW
- 80-92% AFUE IN STOCK
- SINGLE STAGE. 2 STAGE AVAILABLE
- UP TO 120,000btu INPUT AVAILABLE
- 20 YR WARRANTY ON HEAT EXCHANGER
- 5 YR WARRANTY ON PARTS. EXTENDED TO 12 YEAR AVAILABLE.

HEAT PUMPS

HRG13/RSG13*

- R410A
- 2, 2.5, 3 AND 5 TON STOCKED.
- HEAVY DUTY SCROLL COMPRESSORS
- LIMITED 6 YEAR PARTS WARRANTY. EXTENDED 12 YEAR FOR COMPRESSOR AVAILABLE.
- *RSG13 models are A/C only

Single Zone Cassette and Slim Duct Systems

9,000, 12,000 and 18,000 BTU/h

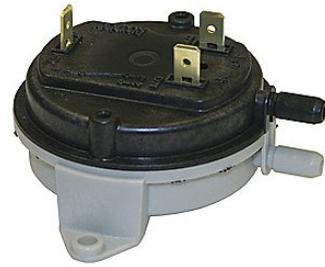

- **High Performance Heating** - Systems operate down to -5°F outdoor temperatures
- **Energy Efficient** - Up to 24.0 SEER and 13.0 HSPF
- **Versatile Application** - Condition nursing homes, offices, dorms, motels, multi-tenant dwellings and more
- **Quiet Operation** - As low as 24 dB
- **Compact Design** - Compact Cassettes fit into a 2'x2' ceiling tile, needing just 10.3" clearance above and Compact Duct Models require just 9.4" clearance above the ceiling
- **Commercial Features** - Built-in condensate pumps and wired remote controls

Belimo Fire & Smoke Damper Actuators
 Belimo is the largest Fire & Smoke Actuator manufacturer in the world. Their Fire & Smoke Damper Actuators are available in 30, 70 and 133in/lb of torque and 24 or 120VAC and 24 VAC/DC power supply. UL555 & UL555S listed.

We are now stocking GI Industries Portable Tube Cleaning Machines, Flexible Shafts and brushes. GI Industries has a long tradition of developing the next generation of high-quality industrial maintenance equipment.

GI Industries FS-series flexible shafts are made for heavy use in the commercial environment. They are designed with aluminum manifolds for extra strength, bright orange color for safety, universal connections, welded hardened steel cable and are field repairable.

GI Industries brushes are highly effective in cleaning light, medium and heavy deposits. These brushes are aggressive and will not damage tubes.

If you're looking for an upgrade to your Goodway shafts and brushes, GI Industries parts will work on your Goodway machine.

Visible Defects

Heat Exchanger Inspection System

\$284.00

 Nu-Calgon

2008 Altom Ct. • St. Louis, MO 63146 • 800-554-5499 • www.nucalgon.com
Calgon is a licensed trade name • (714) 14-C245

Visible Defects is a complete kit for locating cracks in the combustion cells of gas furnaces.

Benefits

- Better visual inspection of gas heat exchangers
- Fluorescent penetrant and UV light make it easy to find potentially dangerous cracks
- Can be used to evaluate clamshell, serpentine and tubular design heat exchangers in standard efficiency furnaces (non-condensing types)
- Perfect tool for annual clean and check programs

Can You See The Crack?

Entrance view of combustion cells of a gas furnace.

Now You Can!

Same view, crack easily observed with the "Crack Finder" penetrant and UV light.

Supco Attic Pro Utility Lift

SU-ATP1 ATTIC PRO UTILITY LIFT **\$137.75**
 Make tough jobs and UPLIFTING experience! Adjustable from 14-24". 20' cable length. Integrated locking hook. Lifts up to 250lbs. Includes equipment strap and carrying case.

Price

Klein Backpack Tool Bags

KL-55421BP-14 BLACK BACKPACK **\$109.71**
 KL-55421BP14CAMO CAMO BACKPACK **\$112.50**
 39 pockets for tons of tool storage. Orange interior for easy tool visibility. Wide opening fits power drills, meters, flash-lights etc. Tough, durable molded bottom protects from the elements.

Emerson Compressor Applications & Technologies

March 4-5, 2015

Southwestern Ohio

Register Online at education.emersonclimate.com

This two day course takes a system view of compressor applications and associated critical components. As the mechanical world is blended with the electrical world, there is much to learn to help you customer achieve energy and cost savings.

Stay tuned for more details on our 2015 Sales trip promotion for a 5 night Western Caribbean cruise aboard the newly revitalized *Independence of the Seas*.

Trip will depart Ft. Lauderdale on March 7, 2016.
